Street		
Postal code/ place/country		

7 The quality management system of the manufacturing plant complies with ISO 9001

The quality management system has been certified by:

(Please provide copy of certificate if not already submitted earlier)

--

Basis for issuing the ECB•S certificate is the positive test-report of a ECB cooperation partner. An inevitable certificate issuance cannot be derived out of this. The final evaluation, review and certification decision is done by the Certification Body.

The undersigned company hereby acknowledges that

- the ECB•S General Terms and Conditions valid at the time of application are accepted without reservation as binding.
- it unreservedly accepts to adhere to the Certification Guideline ECB•S C10 as well as to the technical regulations according to ECB•S C10 (Annex A). It further accepts that data provided may be stored and used electronically by the ECB and the recognized body.
- it unreservedly accepts to adhere the current ECB•S price list at the time of application.
- the recognized body will invoice its services according to the Certification Guideline ECB•S C10 to the undersigned directly and the invoice will be paid by the undersigned within the period set for payment.
- the publication of the validity of the certification on the ECB website, with technical details of the product, contact details of the company as well as general company information, is agreed.
- in cases where the ECB is legally obliged or contractually entitled to do so (such as with the accreditation body), confidential information may be disclosed unless prohibited by law.
